INTRODUCTION

This Member Handbook describes the terms and conditions of Your Coverage. “You”, “Your” and “Member” mean the person eligible and enrolled for benefits under the CoverKids program (“Plan”). “We”, “Us” and “Our” mean BlueCross BlueShield of Tennessee, Inc. (BCBST), the administrator of the Plan. “Coverage” means the benefits Members are entitled to receive under this Plan. The State’s Coverage is called CoverKids. This Member Handbook describes the terms and conditions of Your Coverage from the Plan through the State. This Member Handbook replaces and takes the place of any Evidence of Coverage (EOC) or Member Handbook that You have previously received from the Plan.

PLEASE READ THIS MEMBER HANDBOOK CAREFULLY. It describes Your rights and duties as a Member. It is important to read the entire Member Handbook. Certain services are not covered by the Plan. Other covered services are limited. The Plan will not pay for any service not specifically listed as a Covered Service, even if a health care provider recommends or orders that non-covered service. (see Attachments A-C.)

ANY GRIEVANCE RELATED TO YOUR COVERAGE UNDER THIS MEMBER HANDBOOK MUST BE RESOLVED IN ACCORDANCE WITH THE “GRIEVANCE PROCEDURE” SECTION OF THIS MEMBER HANDBOOK.

In order to make it easier to read and understand this Member Handbook, defined words are Capitalized. Those words are defined in the “DEFINITIONS” section of this Member Handbook.

Please contact one of Our Member service representatives, at the number listed on Your membership ID card, if You have any questions when reading this Member Handbook. Our Member service representatives are also available to discuss any other matters related to Your Coverage from the Plan.

The State of Tennessee (“State”) has entered into a Contract (“Contract”) with Us for Us to perform certain administrative services for the Plan such as claims processing, customer service, and contracting for network providers. The State sponsors and funds the Plan. We do not assume any financial risk or obligation with respect to Plan claims. The Plan will also be using Our Provider Networks.

In addition to Us, the Plan may have other contractors provide additional administrative services for it. These contractors will perform services in a manner consistent with this Member Handbook.

While the State has given Us the authority to make benefit determinations, the State also has the authority to make any final Plan determination. Both the State and We, as the plan administrator, also have the authority to interpret the terms of Your Coverage. We will be considered to have properly exercised that authority unless either party has abused its discretion when making such determinations.

PROVIDER NETWORK

Our Provider Network gives You a choice of doctors, hospitals and other health care providers. We have contracted with a network of health care institutions and professionals to provide health care services to You. These Providers, called Network Providers, agree to special pricing arrangements.

Your Plan provides benefits only when You use Network Providers. If You receive services from an Out-of-Network Provider, no benefits will be paid. You are responsible for all charges from an Out-of-Network Provider. Attachment C: Schedule of Benefits, shows Your benefits for services received from Network Providers. Attachment C also will show You that the same service might be paid differently depending on where You receive the service.

YOUR MEMBERSHIP IDENTIFICATION CARD

Once Your Coverage becomes effective, You will receive a membership identification (ID) card. Your membership ID card is the key to receiving the benefits of the Plan. Carry it with you at all times.

Please be sure to show Your membership ID card each time You receive medical services, especially whenever a Provider recommends hospitalization.

The Member service number is on Your membership ID card. This is an important phone number. Call this number if You have any questions. Also, call this number if You are receiving emergency hospital services from Providers outside of Tennessee to make sure all Prior Authorization procedures have been followed.

If Your membership ID card is lost or stolen, call the toll-free number listed on the front page of this Member Handbook. The Member service department will help You get a new one or you can order your card online at www.bcbst.com via BlueAccess. You may want to record Your identification number in this Member Handbook.

Important: Your membership ID card should be presented at each visit to a physician's office, hospital, pharmacy or other health care facility.

Easy Guidelines for Getting the Most from Your Benefits

1. Always carry Your membership ID card and show it before receiving medical care and Prescription medicines.
2. Always use Network Providers, including pharmacies, durable medical equipment suppliers and home infusion therapy Providers. See Attachment A for an explanation of a Network Provider. Call the Member service department to verify that a Provider is a Network Provider.
3. Be sure to ask Member service if the Provider is in the specific network shown on Your membership ID card. Since BCBST has several networks, a Provider may be in one BCBST network, but not in all of Our networks. Check out Our website, www.BCBST.com, for more information on Providers in each

network.

4. To find doctors who speak other languages, call the Member service number on the back of Your ID card. You may also find doctors who speak other languages at www.BCBST.com under Find A Doctor.
5. Call the Member service number on the back of Your ID Card to request the translation of forms or documents related to Your medical care.
6. To help You understand if BCBST considers a recommended service to be Medically Necessary, please refer to Our Medical Policy Manual at www.bcbst.com/providers/mpm.shtml.
7. In a true Emergency, it is appropriate to go to an Emergency room (see Emergency definition in the Definitions Section of this Member Handbook.) However, most conditions are not Emergencies and are best handled with a call to Your doctor's office. You can also call Your doctor on nights and weekends when Your doctor provides a covering health care professional to return Your call.
8. Ask that Your Provider report any Emergency admissions to BCBST within 24 hours or the next week day.
9. Your Network Provider is responsible for obtaining any required Prior Authorization.
10. Get a second opinion before undergoing elective services.
11. Notify the State's Eligibility Contractor toll-free at (866) 620-8864 if changes in the following occur:
 - a. Name.
 - b. Address.
 - c. Telephone number.
 - d. Employment.
 - e. Status of any other health insurance You might have.
 - f. Marriage.
 - g. Death.
12. There are many community resources that may be helpful to You. For information, please call the Member service number shown on Your membership ID card or visit Our web site at www.BCBST.com.

Benefit Administration Error

If We make an error in administering the benefits under this Plan, the Plan may provide additional benefits or recover any overpayments from any person, insurance company, or plan. No such error may be used to demand more benefits than those otherwise due under this Plan. No such error is a guarantee of continued benefits that were provided in error.

RELATIONSHIP WITH NETWORK PROVIDERS

A. Independent Contractors

Network Providers are not employees, agents or representatives of the Plan or Us. Network Providers contract with Us and We have agreed to pay them for rendering Covered Services to You. Network Providers are solely responsible for making all medical treatment decisions in consultation with their Member-patients. The Plan does not make medical treatment decisions under any circumstances. Network Providers are not Our employees, agents or representatives.

The Plan has given Us the discretionary authority to make benefit determinations and interpret the terms of Your Coverage under this Plan (“Coverage Decisions”). We make those Coverage Decisions based on the terms of this Member Handbook, the State’s Contract with Us, Our participation agreements with Network Providers and applicable State or Federal laws.

The Network Providers’ participation agreements permit Network Providers to dispute the Plan’s Coverage decisions if they disagree with those decisions. If Your Network Provider does not dispute a Coverage decision, You may request reconsideration of that decision as explained in the grievance procedure section of this Member Handbook. The participation agreement requires Network Providers to fully and fairly explain Coverage decisions to You, upon request, if You decide to request that We reconsider a Coverage decision.

We have established various incentive arrangements to encourage Network Providers to provide Covered Services to You in an appropriate and cost effective manner. You may request information about Your Provider’s payment arrangement by contacting the Member service department.

B. Termination of Provider’s Participation

We or a Network Provider may end Our relationship with each other at any time. A Network Provider may also limit the number of Members that he, she or it will accept as patients. We do not promise that any specific Network Provider will be available to render services while You are Covered by this Plan.

INDEPENDENT LICENSEE OF THE BLUECROSS BLUESHIELD ASSOCIATION

We are an independent corporation operating under a license from the BlueCross BlueShield Association (the “Association”). That license permits Us to use the Association’s service marks within its assigned geographical location. We are not a joint venturer, agent or representative of the Association nor any other independent licensee of the Association.

ELIGIBILITY

Uninsured children, who meet the requirements of the CoverKids program, are eligible for Coverage if enrolled. If there is a question about whether a person is eligible for Coverage, the State or the State's Eligibility Contractor will make the final determination. To be eligible for CoverKids, You must satisfy all eligibility requirements of CoverKids and:

- a. be age 18 or under;
- b. be a US citizen, or qualified non-citizen;
- c. live in Tennessee;
- d. meet the household income requirements;
- e. be screened for TennCare eligibility or access to other state-sponsored Coverage;
- f. not be a child of a state employee, or a K-12 teacher or full-time support staff; and
- g. not be covered under any other health plan.

ENROLLMENT

Eligible children may be enrolled for Coverage as set forth in this Section. We will receive enrollment information from the State or the State's Eligibility Contractor.

EFFECTIVE DATE OF COVERAGE

The effective date of Coverage will be determined by the State or the State's Eligibility Contractor.

TERMINATION AND CONTINUATION OF COVERAGE

A. Termination

You may terminate Your Coverage at any time with or without cause by contacting the Eligibility Contractor at 1-866-620-8864.

The State may terminate Your Coverage when:

1. You reach age 19; or
2. You move out-of-state; or
3. You are found to be ineligible; or
4. You enroll in other health insurance.

B. Right To Request A Hearing

You may appeal the termination of Your Coverage for cause, as explained in the Grievance Procedure section of this Member Handbook. The fact that You have appealed will not postpone or prevent Us from terminating Your Coverage. If Your Coverage is reinstated as part of the Grievance Procedure, You may submit to Us for consideration any claims for services rendered after Your Coverage was terminated, in accordance with the "Claims Procedure" section of this Member Handbook.

C. Payment For Services Rendered After Termination of Coverage

Services received after Coverage terminates are not Covered, even if those services are part of a series of treatments that started before Coverage terminated. If You receive Covered Services after the Coverage terminated, We or the Provider who rendered those services, may recover any charges for such services from You, plus any costs of recovering such charges, including attorney's fees.

D. Modification or Termination by State

The State reserves the right to modify or terminate this Plan at any time, without notice.

All Members' Coverage through the Plan will change or terminate at 12:00 midnight on the date of such modification or termination. The State's failure to notify You of the modification or termination of Your Coverage does not continue or extend Your Coverage beyond the date that the Plan is modified or terminated. You have no vested right to Coverage under this Plan following the date of the termination.

BLUECARD PROGRAM

When You are in an area where BCBST Network Providers are not available and You need emergency health care services or information about a BlueCross BlueShield physician or hospital, just call the BlueCard Doctor and Hospital Information Line at 1-800-810-BLUE (2583).

We will help You locate the nearest BlueCard Participating Provider.

In the BlueCard Program, the term, "Host Plan" means the BlueCross BlueShield Plan that provides access to service in the location where You need emergency health care services.

Show Your membership ID card (that has the "suitcase" logo) to any BlueCard Participating Provider. The BlueCard Participating Provider can verify Your membership, eligibility and Coverage with Your BlueCross BlueShield Plan. When You visit a BlueCard Participating Provider, You should not have claim forms to file. After You receive services, Your claim is electronically routed to BCBST, which processes it and sends You a detailed explanation of benefits. You are responsible for any applicable Copayments, or Your Deductible and Coinsurance payments (if any).

If You receive non-emergency services from an Out-of-Network Provider, You will be responsible for the full payment of the Out-of-Network Provider's charge. No Benefits are payable for services received from Out-of-Network Providers.

The calculation of Your liability for claims incurred outside the BCBST service area which are processed through the BlueCard program will typically be at the lower of the provider's Billed Charges or the negotiated price BCBST pays the Host Plan for covered emergency services.

The negotiated price paid by BCBST to the Host Plan for covered emergency health care services provided through the BlueCard Program may represent either: (a) the actual price paid by the Host Plan on such claims; (b) an estimated price that factors into the actual price, expected settlements, withholds, any other contingent payment arrangements and non-claims transactions with all of the on-site Plan's health care Providers or one or more particular Providers; or (c) a discount from Billed Charges representing the on-site Plan's expected average savings for all of its Providers or for a specified group of Providers. The discount that reflects average savings may result in greater variation (more or less) from the actual price paid than will the estimated price.

Plans using either the estimated price or average savings factor methods may prospectively adjust the estimated or average price to correct for over- or underestimation of past prices. However, the amount You pay is considered a final price.

In addition, laws in certain states may require BlueCross and/or BlueShield Plans to use a basis for calculating Member liability for Covered Services that does not

reflect the entire savings realized, or expected to be realized, on a particular claim or to add a surcharge. Thus, if You receive Covered Services in these states, Your liability for Covered Services will be calculated using these states' statutory methods.

REMEMBER: You are responsible for receiving Prior Authorization from BCBST for inpatient services received outside Tennessee.

If Prior Authorization is not received, Your benefits will be denied.

Call the toll-free number on Your membership ID card for Prior Authorization. In case of an Emergency, You should seek immediate care from the closest health care provider.

CLAIMS AND PAYMENT

When You receive Covered Services, either You or the Provider must submit a claim form to Us. We will review the claim, and let You, or the Provider, know if We need more information, before We pay or deny the claim.

A. Claims

Federal regulations use several terms to describe a claim: pre-service claim; post-service claim; and a claim for Emergency Care.

1. A pre-service claim is any claim that requires approval of a Covered Service in advance of obtaining medical care as a condition of receipt of and payment for a Covered Service, in whole or in part.
2. A post-service claim is a claim for a Covered Service that is not a pre-service claim – the medical care has already been provided to You. Only post-service claims can be billed to the Plan, or You.
3. Emergency Care is medical care or treatment that, if delayed or denied, could seriously jeopardize: (1) the life or health of the claimant; or (2) the claimant's ability to regain maximum function. Emergency Care is also medical care or treatment that, if delayed or denied, in the opinion of a physician with knowledge of the claimant's medical condition, would subject the claimant to severe pain that cannot be adequately managed without the medical care or treatment.

B. Claims Billing

1. You should not be billed or charged for Covered Services rendered by Network Providers, except for required Member payments. The Network Provider will submit the claim directly to Us.
2. You may be charged or billed by an Out-of-Network Provider for Services rendered by that Provider. If You use an Out-of-Network Provider, You are responsible for all charges.
3. If You obtain services from an Out-of-Network Provider in the event of a true Emergency, the Out-of Network Provider may or may not file a claim for You. If You are charged or receive a bill, You must submit a claim to be considered for benefits. You must submit the claim within 120 days from the date the service was received, or it will not be considered. If it is not reasonably possible to submit the claim within 120 days, it may be considered if You have a valid reason for not submitting the claim by the deadline.
4. A Network Provider may refuse to render a service, or reduce or terminate a service that has been rendered, or require You to pay for what You believe should be a Covered Service. If this occurs:
 - a. You may submit a claim to Us to obtain a Coverage decision concerning whether the Plan will Cover that service. For example, if a

pharmacy (1) does not provide You with a prescribed medication; or (2) requires You to pay for that prescription, You may submit a claim to the Plan to obtain a Coverage decision about whether it is Covered by the Plan.

- b. You may request a claim form from Our Member service department. We will send You a claim form within 2 business days. We may request additional information or documentation if it is reasonably necessary to make a Coverage decision concerning a claim.

C. Payment

1. When You receive Covered Services from a Network Provider, We pay the Network Provider directly. These payments are made according to Our agreement with that Network Provider. You authorize payment of benefits to that Network Provider.
2. If You received Covered Services from an Out-of-Network Provider, You are responsible for the full payment of the Out-of-Network Provider's charge.
3. We will pay benefits within 30 days after we receive a claim form that is complete. Claims are processed in accordance with current industry practices, and based on Our information at the time We receive the claim form.
4. When a claim is paid or denied, in whole or part, You will receive a Monthly Claims Statement (MCS). This will describe how much was paid to the Provider, and also let You know if You owe an additional amount to that Provider. The MCS will show the status of Your benefits. We will send the MCS monthly to the last address on file for You.
5. You are responsible for paying any applicable Copayment amount to the Provider.

Payment for Covered Services is more fully described in [Attachment C: Schedule of Benefits](#).

D. Complete Information

Whenever You need to file a claim Yourself, We can process it more efficiently if You complete a claim form. This will ensure that You provide all the information needed. Most Providers will have claim forms or You can request them from Us by calling Our Member service department at the number listed on Your membership ID card.

Mail all claim forms to:

BCBST Claims Service Center

Chattanooga, Tennessee 37402-0002

PRIOR AUTHORIZATION, CARE MANAGEMENT, MEDICAL POLICY AND PATIENT SAFETY

We provide services to help manage Your care including, performing Prior Authorization of certain services to ensure they are Medically Necessary, Concurrent Review of hospitalization, discharge planning, lifestyle and health counseling, low-risk case management, catastrophic medical and transplant case management and the development and publishing of medical policy.

We do not make medical treatment decisions under any circumstances. You may always elect to receive services that do not comply with Our Care Management requirements or medical policy, but doing so may affect the Coverage of such services.

A. Prior Authorization

We must Authorize some Covered Services in advance in order for those Covered Services to be paid at the TennCareSelect Maximum Allowable Charge without Penalty. Obtaining Prior Authorization is not a guarantee of Coverage. All provisions of the Member Handbook must be satisfied before Coverage for services will be provided.

Refer to [Attachment C: Schedule of Benefits](#) for details on benefit penalties for failure to obtain Prior Authorization.

Network Providers in Tennessee will request Prior Authorization for You.

You are responsible for requesting Prior Authorization when using Providers outside Tennessee and Out-of-Network Providers.

For the most current list of services that require Prior Authorization, call customer service.

We may authorize some services for a limited time. We must review any request for additional days or services.

Network Providers in Tennessee are required to comply with all of Our medical management programs. You are held harmless (not responsible for Penalties) if a Network Provider in Tennessee fails to comply with Our Care Management program and Prior Authorization requirements, unless You agreed that the Provider should not comply with such requirements.

Contact Our customer service department for a list of Covered Services that require Prior Authorization.

B. Care Management

A number of Care Management programs are available to Members, including those with low-risk health conditions, potentially complicated medical needs, chronic illness and/or catastrophic illnesses or injuries.

Lifestyle and Health Education -- Lifestyle and health education is for healthy Members and those with low-risk health conditions that can be self-managed with educational materials and tools. The program includes: (1) wellness, lifestyle, and condition-specific educational materials; (2) an on-line resource for researching health topics; and (3) a toll-free number for obtaining information on more than 1,200 health-related topics.

Low Risk Case Management -- Low risk case management, including disease management, is performed for Members with conditions that require a daily regimen of care. Registered nurses work with health care Providers, the Member, and primary care givers to coordinate care. Specific programs include: (1) pharmacy Care Management for special populations; (2) Emergency services management program; (3) transition of care program; (4) condition-specific care coordination program; and (5) disease management.

Disease Management -- Disease Management coordinates health care interventions and communications for Members whose medical conditions need significant self-care. Disease Management Programs target Members with chronic diseases such as diabetes or asthma. You are automatically enrolled in our CareSmart Disease Management Program if You have one of these diseases. A Disease Manager will interact with providers and Members to provide ongoing support and tools to help improve overall health and management of the chronic condition. Disease Management is a voluntary program. To speak to a CareSmart nurse, or to disenroll from the CareSmart Disease Management Program, call Us toll-free at 1-888-416-3025.

Catastrophic Medical and Transplant Case Management -- Members with terminal illness, severe injury, major trauma, cognitive or physical disability, or Members who are transplant candidates may be served by the catastrophic medical and transplant case management program. Registered nurses work with health care Providers, the Member, and primary caregivers to coordinate the most appropriate, cost-efficient care settings. Case managers maintain regular contact with Members throughout treatment, coordinate clinical and health plan Coverage issues, and help families utilize available community resources. Transplant Case Management is a mandatory program for Members seeking Transplant Services. Catastrophic Case Management is a voluntary program. You may enroll in Catastrophic Case Management by calling 1-800-225-8698. You may also be referred to Catastrophic Case Management by Your doctor or by Us based on Your health history. To disenroll from Catastrophic Case Management, call Us toll-free at 1-800-225-8698.

After evaluation of the Member's condition, it may be determined that alternative treatment is Medically Necessary and Appropriate.

In that event, alternative benefits for services not otherwise specified as Covered Services in Attachment A may be offered to the Member. Such benefits will be offered only in accordance with a written case management or alternative treatment plan agreed to by the Member's attending physician and BCBST.

Emerging Health Care Programs -- Care Management is continually evaluating emerging health care programs. These are services or technologies that demonstrate reasonable potential improvement in access, quality, health care costs, efficiency, and Member satisfaction. When We approve an emerging health care program, services provided through that program are Covered, even though they may normally be excluded under the EOC.

C. Medical Policy

Medical Policy looks at the value of new and current medical science. Its goal is to make sure that Covered Services have proven medical value.

Medical policies are based on an evidence-based research process that seeks to determine the scientific merit of a particular medical technology. Determinations with respect to technologies are made using technology evaluation criteria. "Technologies" means devices, procedures, medications and other emerging medical services.

Medical policies state whether or not a technology is Medically Necessary, Investigational or cosmetic. As technologies change and improve, and as Members' needs change, We may reevaluate and change medical policies without formal notice. You may check Our medical policies at www.bcbst.com. Enter "medical policy" in the Search field. Our Medical Policies are made a part of this Member Handbook by reference.

Medical policies sometimes define certain terms. If the definition of a term defined in a medical policy differs from a definition in this Member Handbook, the medical policy definition controls.

D. Patient Safety

If You have a concern with the safety or quality of care You received from a Network Provider, please call Us at the number on the membership ID card. Your concern will be noted and investigated by Our Clinical Risk Management department.

Care Management services, emerging health care programs and alternative treatment plans will be offered to eligible Members on a case-by-case basis to address their unique needs. Under no circumstances does a Member acquire a vested interest in continued receipt of a particular level of benefits. Offer or confirmation of Care Management services, emerging health care programs or alternative treatment plans to address a Member's unique needs in one instance will not obligate Us to provide the same or similar benefits for any other Member.

SUBROGATION AND RIGHT OF REIMBURSEMENT

Subrogation Rights

The Plan assumes and is subrogated to Your legal rights to recover any payments the Plan makes for Covered Services, when Your illness or injury resulted from the action or fault of a third party. The Plan's subrogation rights include the right to recover the reasonable value of prepaid services rendered by Network Providers. We will help enforce that right on behalf of the State and the Plan.

The Plan has the right to recover any and all amounts equal to the Plan's payments from:

- the insurance of the injured party;
- the person, company (or combination thereof) that caused the illness or injury, or their insurance company; or
- any other source, including uninsured motorist coverage, medical payment coverage, or similar medical reimbursement policies.

This right of recovery under this provision will apply whether recovery was obtained by suit, settlement, mediation, arbitration, or otherwise. The Plan's recovery will not be reduced by Your negligence, nor by attorney fees and costs You incur.

Priority Right of Reimbursement

Separate and apart from the Plan's right of subrogation, the Plan will have first lien and right to reimbursement. The Plan's first lien takes priority over any right that You may have to be "made whole". In other words, the Plan is entitled to the right of first reimbursement out of any recovery You might receive regardless of whether You have received compensation for any of Your damages or expenses, including Your attorneys' fees or costs. This first right of reimbursement takes priority over Your right to be made whole from any recovery, whether full or partial. In addition, You agree to do nothing to prejudice or oppose the Plan's right to subrogation and reimbursement and You acknowledge that the Plan bars the operation of the "made-whole", "attorney-fund", and "common-fund" doctrines. You agree to reimburse the Plan 100% first for any and all benefits provided through the Plan, and for any costs of recovering such amounts from those third parties from any and all amounts recovered through:

- Any settlement, mediation, arbitration, judgment, suit, or otherwise, or settlement from Your own insurance and/or from the third party (or their insurance);
- Any auto or recreational vehicle insurance coverage or benefits including, but not limited to, uninsured motorist coverage;
- Business and homeowner medical liability insurance coverage or

payments.

The Plan may notify those parties of its lien and right to reimbursement without notice to or consent from You.

This priority right of reimbursement applies regardless of whether such payments are designated as payment for (but not limited to) pain and suffering, medical benefits, and/or other specified damages. It also applies regardless of whether You are a minor.

This priority right of reimbursement will not be reduced by attorney fees and costs You incur.

The Plan may enforce its rights of subrogation and recovery against, without limitation, any tortfeasors, other responsible third parties or against available insurance coverages, including underinsured or uninsured motorist coverages. Such actions may be based in tort, contract or other cause of action to the fullest extent permitted by law.

Notice and Cooperation

Members are required to notify Us promptly if they are involved in an incident that gives rise to such subrogation rights and/or priority right of reimbursement, to enable Us to protect the Plan's rights under this section. Members are also required to cooperate with Us and to execute any documents that We, acting on behalf of the Plan, deems necessary to protect the Plan's rights under this section.

The Member will not do anything to hinder, delay, impede or jeopardize the Plan's subrogation rights and/or priority right of reimbursement. Failure to cooperate or to comply with this provision will entitle the Plan to withhold any and all benefits due the Member under the Plan. This is in addition to any and all other rights that the Plan has pursuant to the provisions of the Plan's subrogation rights and/or priority right of reimbursement.

If the Plan has to file suit, or otherwise litigate to enforce its subrogation rights and/or priority right of reimbursement, You are responsible for paying any and all costs, including attorneys' fees, the Plan incurs in addition to the amounts recovered through the subrogation rights and/or priority right of reimbursement.

Legal Action and Costs

If You settle any claim or action against any third party, You will be considered to have been made whole by the settlement and the Plan will be entitled to immediately collect the present value of its rights as the first priority claim holder from the settlement fund. You will be required to hold any such proceeds of settlement or judgment in trust for the benefit of the Plan. The Plan will also be entitled to recover reasonable its attorneys' fees incurred in collecting proceeds held by You in such circumstances.

Additionally, the Plan has the right to sue on Your behalf, against any person or

entity considered responsible for any condition resulting in medical expenses, to recover benefits paid or to be paid by the Plan.

Settlement or Other Compromise

You must notify Us prior to settlement, resolution, court approval, or anything that may hinder, delay, impede or jeopardize the Plan's rights so that the Plan may be present and protect its subrogation rights and/or priority right of reimbursement.

The Plan's subrogation rights and priority right of reimbursement attach to any funds held to satisfy claims, and do not create personal liability against You.

The right of subrogation and the right of reimbursement are based on the Plan language in effect at the time of judgment, payment or settlement.

The Plan, or Us as its representative, may enforce the subrogation and priority right of reimbursement.

GRIEVANCE PROCEDURE

I. INTRODUCTION

Note: In this section of the Member Handbook “You” may also mean a parent or legal guardian acting on behalf of the Member.

We administer the Grievance Procedure for the Plan. Our Grievance Procedure (the “Procedure”) is intended to provide a fair, quick and inexpensive method of resolving any and all Disputes with the Plan. Such Disputes include: any matters that cause You to be dissatisfied with any aspect of Your relationship with the Plan; any Adverse Benefit Determination concerning a Claim; or any other claim, controversy, or potential cause of action You may have against the Plan. Please contact the Member service department at the number listed on Your membership ID card or (866) 591-2908 TTY/TDD: (1) to file a Claim; (2) if You have any questions about this Member Handbook or other documents that are related to Your Coverage (e.g. an explanation of benefits or monthly claims statement); or (3) to initiate a Grievance concerning a Dispute.

1. The Procedure can only resolve Disputes that are subject to the Plan’s control.
2. You cannot use this Procedure to resolve a claim against a Provider for negligence. Network Providers are independent contractors. They are solely responsible for making treatment decisions in consultation with their patients. You may contact Us, however, to complain about any matter related to the quality or availability of services, or any other aspect of Your relationship with Providers.
3. An Adverse Benefit Determination is any denial, reduction, termination or failure to provide or make payment for what You believe should be a Covered Service. In addition, an Adverse Benefit Determination includes any rescission of Coverage or a denial of Coverage in an initial eligibility determination.
 - a. If a Provider does not render a service, or reduces or terminates a service that has been rendered, or requires You to pay for what You believe should be a Covered Service, You may submit a Claim to Us to obtain a determination concerning whether We will cover that service. As an example, if a pharmacy does not provide You with a prescribed medication or requires You to pay for that prescription, You may submit a Claim to Us to obtain a determination about whether it is Covered by the Plan. Providers may be required to hold You harmless for the cost of services in some circumstances.
 - b. Providers may also appeal an Adverse Benefit Determination through the Plan's Provider dispute resolution procedure.
 - c. Our determination will not be an Adverse Benefit Determination if: (1) a Provider is required to hold You harmless for the cost of services

rendered; or (2) until We have rendered a final Adverse Benefit Determination in a matter being appealed through the Provider dispute resolution procedure.

4. You may request a form from Us to authorize another person to act on Your behalf concerning a Dispute.
5. We and You may agree to skip one or more of the steps of this Procedure if it will not help to resolve Our Dispute.
6. Any Dispute will be resolved in accordance with applicable Tennessee or Federal laws and regulations and this Member Handbook.

II. DESCRIPTION OF THE REVIEW PROCEDURES – MEDICAL RELATED APPEALS

A. Inquiry

An Inquiry is an informal process that may answer questions or resolve a potential Dispute. You should contact a Member service representative if You have any questions about how to file a Claim or to attempt to resolve any Dispute. Making an Inquiry does not stop the time period for filing a Claim or beginning a Dispute. You do not have to make an Inquiry before filing a Grievance.

B. Grievance

You must submit a written request asking Us to reconsider an Adverse Benefit Determination, or take a requested action to resolve another type of Dispute (Your "Grievance"). You must begin the Dispute process within 30 days from the date We issue notice of an Adverse Benefit Determination; or, if no notice was sent, within 6 months from the date of the Adverse Benefit Determination. If You do not initiate a Grievance within this time frame, You may give up the right to take any action related to that Dispute.

Contact the Member service department at the number listed on Your membership ID card for assistance in preparing and submitting Your Grievance. They can provide You with the appropriate form to use in submitting a Grievance. This is the first level Procedure and is mandatory.

1. Grievance Hearing

After We have received and reviewed Your Grievance, Our first level Grievance committee will meet to consider Your Grievance and any additional information that You or others submit concerning that Grievance. In Grievances concerning emergency care or pre-service Claims, the Plan will appoint one or more qualified reviewer(s) to consider such Grievances. Individuals involved in making prior determinations concerning Your Dispute are not eligible to be voting members of the first level Grievance committee or reviewers. The Committee or reviewers have full discretionary authority to make

eligibility, benefit and/or claim determinations, pursuant to Your Coverage.

2. Written Decision

The committee or reviewers will consider the information presented, and the chairperson will send You a written decision concerning Your Grievance as follows:

- a. For a pre-service claim, within 30 days of receipt of Your request for review;
- b. For a post-service claim, within 30 days of receipt of Your request for review; and
 - (a) For a pre-service, emergency care claim, within 72 hours of receipt of Your request for review.

The decision of the Committee will be sent to You in writing and will contain:

- (a) A statement of the committee's understanding of Your Grievance;
- (b) The basis of the committee's decision; and
- (c) Reference to the documentation or information upon which the committee based its decision. We will send You a copy of such documentation or information, without charge, upon written request.

C. State Informal Review

The State of Tennessee, Division of Health Care Finance and Administration has an appeal process that is available to you AFTER you have exhausted the grievance process with the claims administrator. Appeals must be requested in writing within 8 days of the claim determination or decision. To file an appeal at the state level, the member should send a letter and supporting documentation (e.g., explanation of benefit statements, decision letters, statements from healthcare providers, and medical records) to:

Appeals Coordinator - CoverKids
Division of Health Care Finance and Administration
310 Great Circle Road 2 West
Nashville, TN 37243

If Your request is not received by the Division of Health Care Finance and Administration within 8 days, You may give up the right to further review. It is a good idea to maintain a copy of all correspondence you send. Specific questions regarding the appeal process may be directed to the appeals coordinator at 615-253-9927 or 1-866-795-2001.

The appeals coordinator in the Division of Health Care Finance and Administration may also request review by the state's independent medical consultant. A written decision of the appeal coordinator should be issued within 20 days of receipt of the request for further review.

D. State Review Committee

If the informal review does not grant the relief requested, the request will be scheduled for review by the CoverKids Review Committee. The Committee will be composed of five members, including Division of Health Care Finance and Administration staff and at least one licensed medical professional, selected by the Commissioner or his designee. The members of the Committee will not have been directly involved in the matter under review. You will be given the opportunity to review the file, be represented by a person of Your choice, and provide supplemental information. The Committee may allow You to appear in person if it finds that scheduling the appearance will not cause delay in the review process. The Review Committee is not required to provide an in-person hearing or a contested case under the Uniform Administrative Procedures Act. You will receive written notification of the final decision stating the reasons for the decision. The decision of the CoverKids Review Committee is the final administrative recourse available to You.

E. Time for Reviews

Review of all non-expedited health services appeals will be completed within 90 days of receipt of the initial request for review by the Plan. Reviews by both the Appeals Coordinator and the Committee may be expedited (completed within 72 hours at each the Plan and State levels) for situations in which a benefit determination or a preauthorization denial has been made prior to services being received and the attending medical professional determines in writing (including legible handwriting) that the medical situation to be life threatening or would seriously jeopardize Your health or ability to attain, maintain or regain maximum functioning.
